## COYOTES

Coyotes are found in all areas of Orange County and were recently sighted at Altezza. While far from domesticated, coyotes show little fear of humans and have become comfortable living in close proximity to humans. Under normal circumstance, a coyote is not a danger to humans. They are, however, territorial and will respond aggressively if they or their family are threatened. It is also worth noting that it is hard for a coyote to pass up a free meal or, as the case may be, a defenseless pet.

### Experts recommend the following steps:

- Keep cats and small dogs indoors. When walking small dogs, always keep them on a leash.
- Coyotes are most active dusk to dawn. Avoid walking pets after dark.
- Bring along pepper spray or a stick in case a coyote gets aggressive. Screaming or yelling and waving arms sometimes won't work on coyotes that have lost their fear of humans.
- Any pet smaller than 45 pounds should never be left outside past 4 p.m.
- Feed pets indoors. Eliminate potential food and water sources such as fallen fruit or vegetables and standing water.
- Store trash in covered, heavy-duty containers.
- Do not feed coyotes. Doing so can make them less afraid of humans and potentially more dangerous.
- Utilize your computer to research additional information regarding coyotes.

## PARKING AT ALTEZZA

Parking is permitted in the garage and in marked/ designated parking areas and is strictly prohibited on the streets and driveways in Altezza. The streets need to be kept clear to allow Emergency Vehicles unrestricted access at all times. Parking in the fire lanes or shared driveways, even for a short visit, will result in a letter and possible fines to residents who allow their guests/vendors to violate this rule. Please help keep Altezza safe and looking good, and park in your garage or in designated parking areas only. No inoperable vehicles shall be stored or allowed to remain anywhere on the common area.
